

OFFICERS ACCUSED OF GRAVE INJUSTICE

Pranks In Siberia Allege Superiors Cruel To Men.

San Francisco, Nov. 1.—"The worst kind of officers."

That, in a nutshell, is the explanation given by all the returned soldiers from Siberia, in telling of the distressing break in American moral in Asia.

Though after doughty conduct, his tale of enforced hardships, near-mutiny, bad food, needless suffering, insults, blows and an epidemic of venereal disease, with the phrase:

"Unless the War Department sends regular officers over there to Siberia—officers who stay sober, rule wisely and demand the respect of their men—our troops will go through worse horrors than any yet told."

And the ones they tell are bad enough.

Everybody Guilty.

"At one time," said a soldier who asked that his name be withheld lest it be used for his frank statement, "at one time there were so many men in Siberia sentenced for petty offenses in the Siberian Company No. 4, that they could use the men who were doing three-month sentences as guards over those who were doing six months."

That illustrates how "army justice" was meted out in Siberia.

In one month, in Company A, of the 10th Infantry, there were thirteen court-martials and one suicide.

Each court-martial resulted in a sentence of at least one year, and a dishonorable discharge or "kick."

From the army. One man, who got drunk on Russian vodka and "cleaned up" a noncommissioned officer, got a sentence of thirty-five years.

"Some of these fellows deliberately walked off post," narrated this soldier, "knowing they'd be sentenced and sent home."

"One fellow I knew pleaded guilty to stealing and selling a company rifle. He got eighteen months and a 'kick.' Just before sailing home as a prisoner, he told one of the guards where to find the gun—in the barracks, where he had hidden it."

The whole trouble goes back to the officers.

"Take one colonel, for instance. He came from the Philippines. He was seldom sober while on duty at Vladivostok."

"He held so many court-martials that the army authorities finally brought him back to the United States."

"There was another under whom the food was rotten. The meat was swarming with worms and weevils."

"The sergeant-major that I knew went to this colonel and told him the food was not fit for dogs and should be given to the men. The colonel 'kicked' him—reduced him to the ranks—for making that report."

"Then there was a famous march through the 'barri swamps'."

"The colonel in command knew that Canadian and Japanese troops were being transported across this piece of country in box cars. 'American soldiers can walk,' said the colonel."

"Typhus, typhoid and pneumonia immediately began to break out among these troops. Men dropped dead on the march."

"In order to prevent the men from drinking the swamp water when they had no other, the officers resorted to their one trick—made it a court-martial offense to drink that water. The men had to drink, and some of them dropped down into the mud-holes and drank the stuff anyway."

"Those that drank it didn't last more than a few hours. Dysentery got them."

"As they marched through the plague-breeding mud, trainloads of Japanese and Canadian troops rolled past, and their passengers waved and shouted to the Americans. 'The American can walk'—that was what the officer said."

Soldiers agree that the sole "recreation" available to our men lay on the notorious "Kopeck Hill," abode of Vladivostok's bagnios.

"Red Cross nurses," a soldier stated, "have refused to go to the officers' dances, because the officers showed up drunk and acted like beasts."

James Watson Says, "I'll Never Forget When Father's Hogs Got Cholera."

"One morning he found 20 hogs dead and several sick. He called in the Vet., who after dissecting a rat caught on the premises, decided that the rodents had conveyed germs. Since then I am never without RAT-SNAP. It's the surest, quickest rat destroyer I know." Three sizes, 25c, 50c, \$1.00. Sold and guaranteed by J. F. Casebier, Acton Bros., Taylor's Drug Store, Williams & Duke.

Indications are that the Baptist 75 Million Campaign will establish a record of being the most economically conducted drive for a large sum of money that has been made in this country.

Dr. L. R. Scarborough, general director, announces, it being now assured that the expense will be considerably less than 1 per cent of the sum asked. This sum includes the expenses incurred by the general headquarters at Nashville and the eighteen state headquarters as well.

Aiding in the effort to keep down campaign expenses in order that all the money raised may go toward the purposes for which it is sought is the fact that the campaign is of short duration, no large overhead cost has been incurred in the payment of large salaries, and many of the workers are contributing their services without any financial remuneration.

Evidencing the spirit of the campaign, one of the prominent workers has just declined an offer of \$25,000 a year to engage in work along another line, preferring to live on a small fraction of that amount in order to give himself entirely to religious work.

Catarrh Cannot Be Cured with LOCAL APPLICATIONS, as they cannot reach the seat of the disease. Catarrh is a local disease, greatly influenced by constitutional conditions, and in order to cure it you must take an internal remedy. Hall's Catarrh Medicine is taken internally and acts thru the blood on the mucous surfaces of the system. Hall's Catarrh Medicine is prescribed by one of the best physicians in this country for years. It is composed of some of the best tonics known, combined with some of the best blood purifiers. The perfect combination of the ingredients in Hall's Catarrh Medicine is what produces such wonderful results in catarrhal conditions. Send for testimonials, free.

NEW VAULTS WILL COST U. S. \$1,500,000

Washington, Nov. 1.—"Yankee Doodle" is not such a bad parody after all.

Uncle Sam has so much money these days that he is thinking nothing at all of spending one million and a half dollars just for a place to store his riches.

His present coffers are overflowing, his silver is bulging out the walls of his storehouses, and as for his gold, well, listen to what Assistant Secretary Rowe, of the Treasury Department, has to say about his request to Congress for a \$1,500,000 appropriation for the construction of a modern three-story structure to be erected in the court of the present Treasury Department Building:

"Present vaults are antiquated. The walls of steel lattice work are pressed out of shape by the weight of silver stored in them. These should be modernized, made safe, and additional vaults should be provided for present and prospective requirements. Foundations are shaky, and the cash room should be improved to allow adequate transaction of business."

A Lady in Chicago Telegraphs for Rat-Snap.

Read Mrs. Phillips' wire: "Your rat's exterminator Co., Westfield, N. J. Rush \$3 worth of RAT-SNAP." Later received the following letter:

"RAT-SNAP arrived. It did our house of rats in no time. Just moved here from Pa., where I used RAT-SNAP with great results." Three sizes, 25c, 50c, \$1.00. Sold and guaranteed by J. F. Casebier, Acton Bros., Taylor's Drug Store, Williams & Duke.

From "His Maxims of Life" by Alfred H. Hyatt.

There is a link between animals and the Deity. Man is a more perfect animal than the rest. He reasons better. But how do we know that animals have not a language of their own? My opinion is that it is presumption in us to say no, because we do not understand them. A horse has memory, knowledge, and love. He knows his master from the servants, though the latter are more constantly with him. I had a horse myself who knew me from any other person, and manifested by capering and proudly marching with his head erect when I was on his back, his knowledge that he bore a person superior to the others by whom he was surrounded. Neither would he allow any other person to mount him except one groom who constantly took care of him and when ridden by him his motions were far different and such as seemed to say he was conscious that he bore an inferior.

When I lost my way I was accustomed to throw the reins down on his neck, and he always discovered it in places where I, with all my observation and boasted superior knowledge, could not.

Who can deny the sagacity of dogs? There is a link between all animals. Plants are so many animals who eat

and drink, and there are gradations up to man, who is only the most perfect of them all.

A Rat That Didn't Smell After Being Dead For 3 Months.

"I swear it was dead at least 3 months," said James Sykes, Butcher, Westfield, N. J. "We saw this rat every day. Put a cake of RAT-SNAP behind a barrel. Months later my wife asked about the rat. Remembered the barrel, looked behind it. There was the rat—dead, not the slightest odor." Three sizes, 25c, 50c, \$1.00. Sold and guaranteed by J. F. Casebier, Acton Bros., Taylor's Drug Store, Williams & Duke.

MILK WAGON MEN HOLD OUT FOR \$60 WEEKLY

New York, Nov. 1.—Six thousand milk wagon drivers, who are demanding a union scale of \$60 a week, to-day voted to reject a compromise of \$55 a week from the distributors. It was directed that one more conference with the employers be sought before taking a strike vote Monday.

While the meeting was in progress Federal Judge Hand was hearing arguments in an action brought by milk distributors seeking to restrain Frederick J. Sterbinsky, president of Drivers' Local 584, from calling a strike, if it is voted. Decision, it was announced, would not be made until Friday.

The organization controls more than 3,000 drivers of the Metropolitan District, union officials asserted.

Regulate the bowels when they fail to move properly. Herbine is an admirable bowel regulator. It helps the liver and stomach and restores a fine feeling of strength and buoyancy. Price 60c. Sold by Ohio County Drug Company.

Neuralgia of the face, shoulder, hands, or feet requires a powerful remedy that will penetrate the flesh. Ballard's Snow Lintment possesses that power. Rubbed in where the pain is felt it is all that is necessary to relieve suffering and restore normal conditions. Price 25c, 50c and \$1.00 per bottle. Sold by Ohio County Drug Co.

TOWNSLEY GETS 21 YEARS IN PRISON

Hancock County Jury Convicts—Will Ask For New Trial.

Hawesville, Ky., Nov. 1.—Tom Townsley, charged with the murder of Peyton Gordon, was declared to be guilty of manslaughter by a jury of Hancock county citizens at 3:45 o'clock this afternoon, and given the maximum sentence of 21 years in the Eddyville penitentiary. Thus ended the trial that has been in progress before Judge Slack since last Wednesday morning of one of the most atrocious crimes that has been committed in Owensboro for many years.

When the jury filed in the courtroom to announce their verdict, Townsley was sitting near his counsel, La Vega Clements and Tanner W. Jett, of Owensboro, and G. D. Chambers, of this place. There was not the slightest move made by the defendant when the verdict of guilty was announced. After the verdict had been read, Mr. Clements requested the court to have the jury polled. Judge Slack then asked each juror separately if that "was his verdict" when each replied in the affirmative.

Judge Slack then committed Townsley to the custody of the jailer of Hancock county, who announced to the court that he felt the jail was insecure, whereupon Judge Slack ordered Townsley transferred to the jail of Daviess county for safe keeping.

Attorneys for Townsley announced that they would prepare and file grounds for a new trial. This will be done on Thursday morning, November 6, when Townsley will be brought back here while the motion for a new trial is being considered. If Judge Slack should overrule Townsley's motion for a new trial, the case will then be taken to the court of appeals. In the meantime Townsley will have to remain in jail until the higher court passes on his case.

The final arguments in the case were made today, when Mr. Clements closed the case on behalf of Townsley. He began speaking at 8 o'clock this morning and spoke until 3:30, pleading for an acquittal on the grounds of self defense. Commonwealth's Attorney Smith made the concluding argument for the prosecution. Mr. Smith outlined the evidence in full and showed that according to the testimony, as he saw it, Townsley was not justifiable in killing Gordon, which took place in Owensboro on May 15 last. He closed his speech insisting on a verdict of life imprisonment or death.

It is understood that the jury was unanimous from the first in its conclusion as to Townsley's guilt, but could not agree at first as to the degree of punishment. Some of the jurors were in favor of a life sentence, while others were for 21 years. Rather than have a hung jury, it was agreed that a compromise was agreed on a sentence of 21 years.

Neuralgia of the face, shoulder, hands, or feet requires a powerful remedy that will penetrate the flesh. Ballard's Snow Lintment possesses that power. Rubbed in where the pain is felt it is all that is necessary to relieve suffering and restore normal conditions. Price 25c, 50c and \$1.00 per bottle. Sold by Ohio County Drug Co.
